42 Years! 2020 is the 42nd year of celebrating our Peacock Heritage. Some family members were not even born when we started our reunion.

In 2019 Africans from Ghana marked 400 years of the 1st enslaved African arriving in Jamestown, Virginia with "Year of Return Ghana 2019", which symbolized their quest to unite Africans and African Americans with their brothers and sisters by returning to the homeland.

2020 is our biennial "homecoming" celebration. It's always held in Crisp and Dooly Counties and the surrounding areas, where our ancestors were born, lived and worked. We do this to unite, educate each other, and have family fun.

We are fortunate to be able to document our history from the 1800's to the present, especially with REPARATIONS on the horizon!! We are also fortunate to have had our verbal history directly passed down to us which usually took place at a Peacock Family Reunion from our 3rd generation ancestors.

2020 is our "Homecoming" year of celebration where we focus on our ancestors. We continue the Headstone Cemetery Restoration Project. New information will be unveiled at the 2020 cemetery memorial.

As members of the Peacock family, we show our own pride by continuing to celebrate our family.

Please join us!!!!
